

The Foundation Board

The Foundation Board is made up of volunteers with backgrounds in education, finance and other professions. These individuals know that private funding is needed, even in public schools, to act as a catalyst that will help transform students' lives. Members are keenly aware of their fiduciary responsibilities and provide skills in money management and oversight.

Innovative Education

The Foundation promotes a love of learning by funding projects in all areas of the school program. Students, drawn in by innovative methods, are more likely to stay in school and achieve their goals. The Foundation works with the community to ensure that endowments will continue for future generations.

About Us

Background and Vision

The Cobleskill-Richmondville Education Foundation was established with the inspiration and guidance of Samuel A. Shevat, superintendent of schools from 1987 to 2007. The vision was to create a self-sustaining legacy that provides resources to help students realize their dreams, gives teachers the tools they need to enrich students' learning, and benefits the community. The Foundation is a not-for-profit organization.

Accomplishments

Since its inception, the Foundation has awarded more than 140 grants/scholarships along with 600+ Rapid Access Grants, affecting over 4,000 students. It has encouraged innovative programs that make students want to learn. It is opportunities like these that The Foundation will support for years to come.
